## VERITAS Josephine

The VERITAS Josephine is a robust and reliable companion for everyday life, and with 23 variable stitches ideal for both elaborate sewing tasks and first creative projects. With blind, stretch, and satin stitches, smooth seams can be made in many materials, and thanks to the simple operation even complicated repair jobs become fun.

The story

VERITAS®

STUNNING  
AND UNIQUE

# JOSEPHINE

The American dancer and singer Josephine Baker was known for her wild dancing style. In the 1920s, she made the Charleston a sensation and left enthusiastic people in the wake of her appearances all over the world. Her unusual and stunning costumes, her creative power and spontaneity have inspired countless women to creative excellence. She motivated us to develop the VERITAS Josephine.

## Key features

# VERITAS®

### *Versatile in use*

The VERITAS Josephine is the perfect partner for all those who want to sew more than just utility stitches, because it offers a range of flexible stitches and decorative stitches for the finishing of fabrics. It is one thing above all: highly productive. The 3-fold lockstitch allows elastic - and at the same time strong - seams to be created, and with the blind stitch - and some practice - wonderful hems.

### *Everything under lock and key*

With the four stage buttonhole programme and the supplied buttonhole foot, the VERITAS Josephine sews uniform and neat buttonholes. Zippers are sewn easily with the zipper foot, even in difficult places. When doing so, the sewing feet can be changed with just one movement, without screws or tools.

### *Straightforward and convincing in operation*

When it comes to ease of use, nothing beats the VERITAS Josephine! Quickly select stitches using the command dial. With the stitch overview printed on the housing, you can keep a constant overview of the available stitching programmes, and thanks to the automatic thread tension, you can focus completely at all times on sewing.

## FEATURES AT A GLANCE.
