

## 000233. Rhinestone-Decorated Rose-Stenciled Bag

### Material

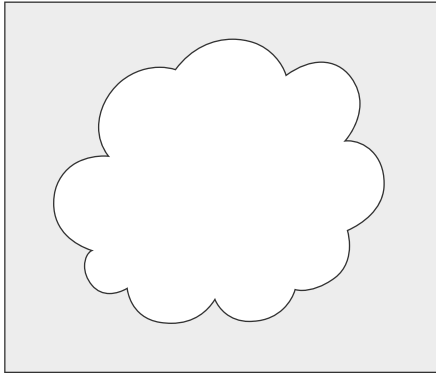

Rhinestone Starter Kit (CARSKIT1)  
 Stencil Sheet (CASTCL1)  
 Commercially available fabric bag  
 Fabric ink pad – 3 kinds (pink, yellowish green, green)  
 Stencil sponge brush  
 Hot fix rhinestones (SS12, pink shades) – Approx. 170  
 Iron  
 Press cloth  
 Masking tape  
 Erasable pen

(1) Print out the layout diagram on the last page, and then determine the position of the pattern on the prepared bag. With an erasable pen, mark the locations of the corners.

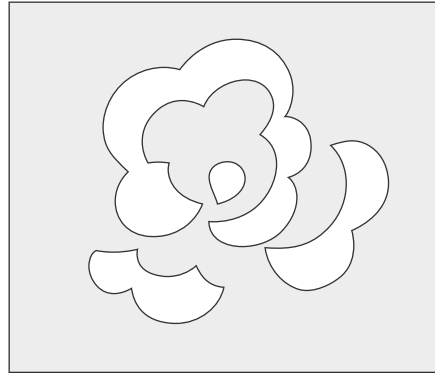

(2) With the backing paper of the stencil sheet facing down, attach it to the mat, and then cut only the film. (For details on specifying settings, refer to the instructions included with the sheet.)

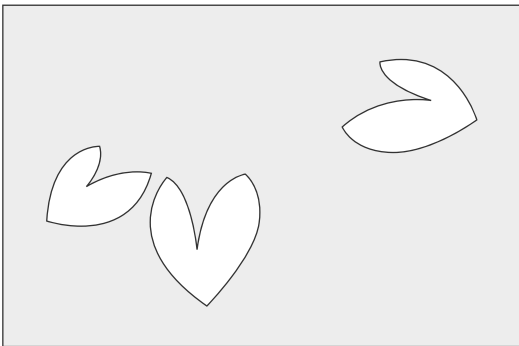

B-1

B-2

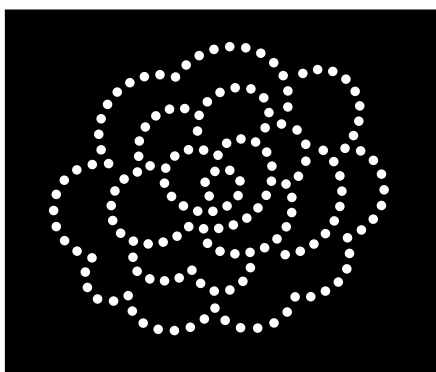

C

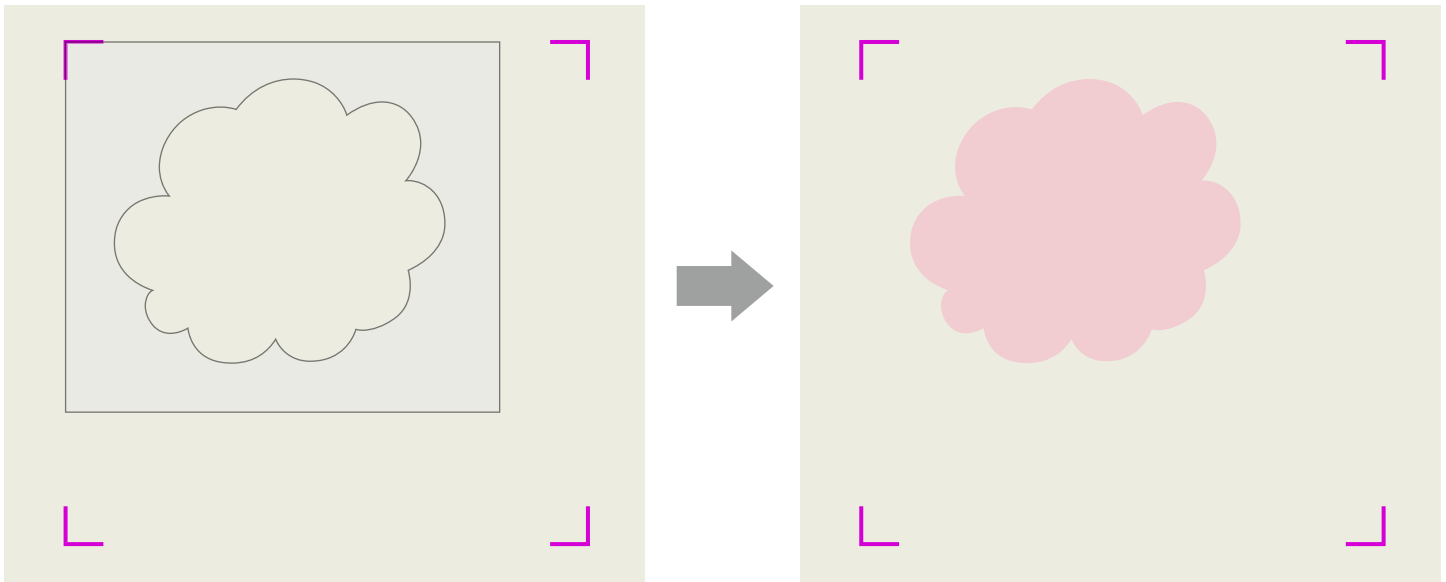

(3) Attach the template sheet (included with the rhinestone starter kit) to the standard mat, and then cut out A. (For details on specifying settings, refer to the instructions included with the kit.)

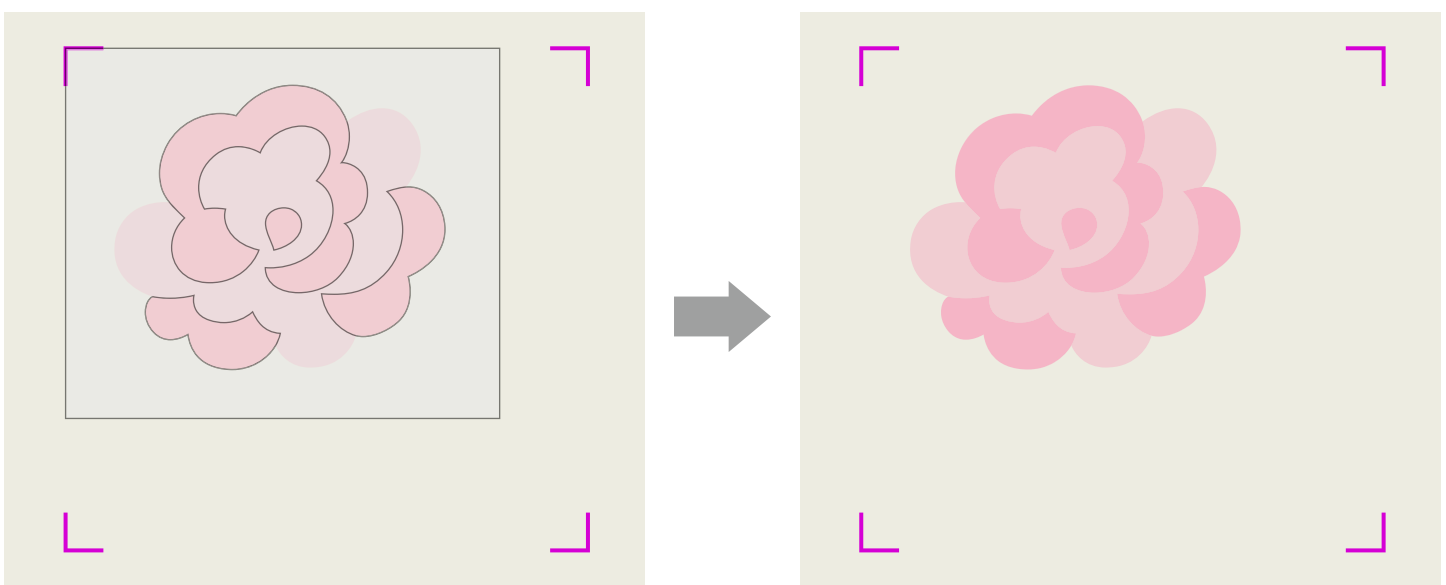

A

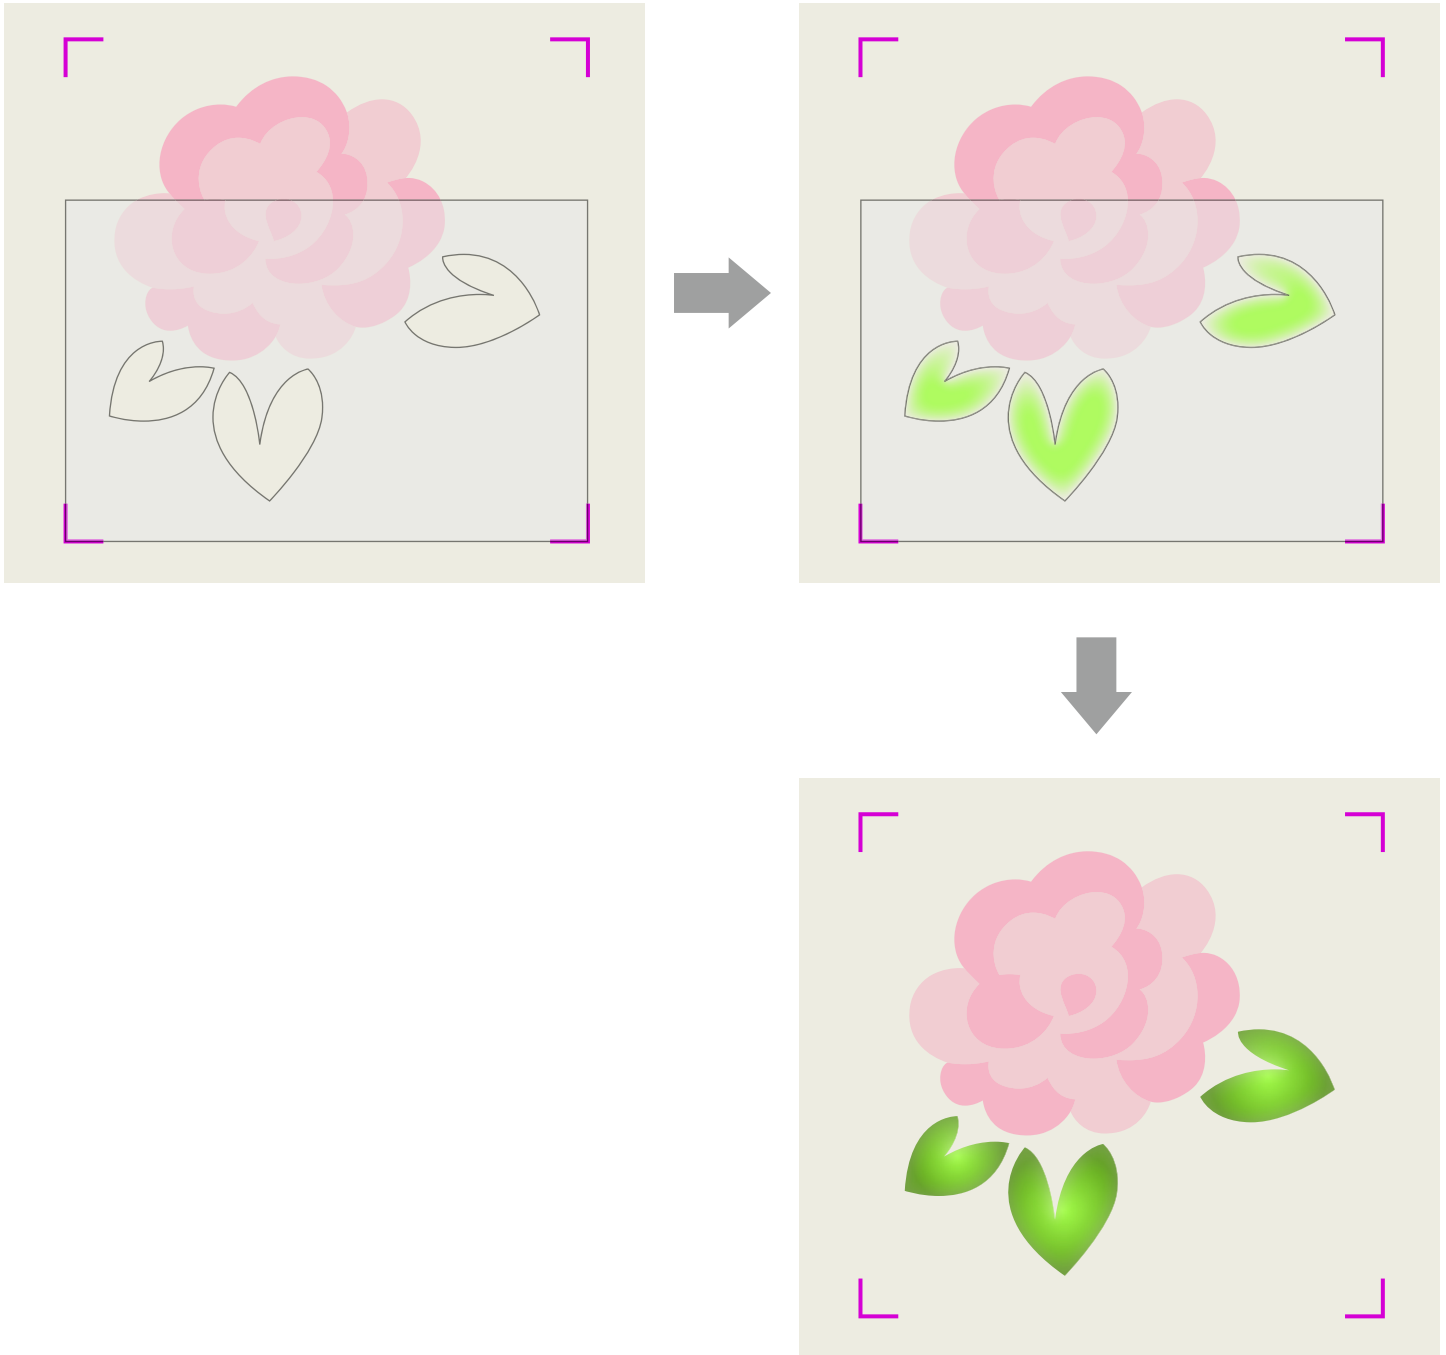

(4) Peel the backing from B-1, and then attach B-1 aligned with the marks made in step (1), as shown below. With a sponge brush, apply pink ink lightly over the entire area within the stencil.

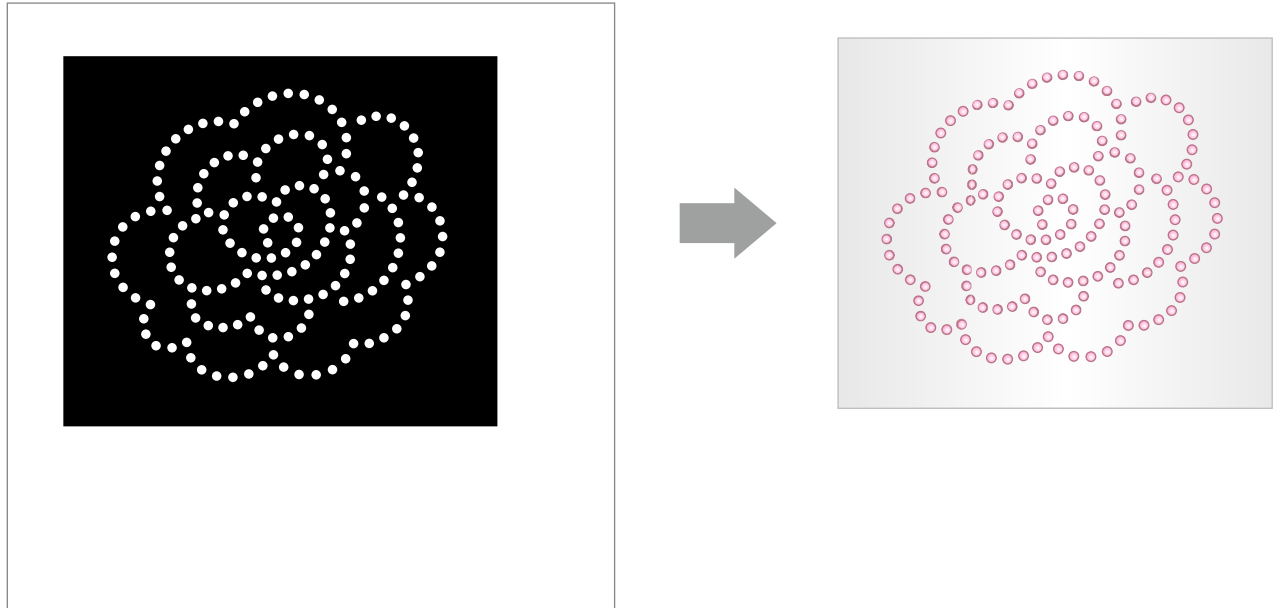

(5) After the ink has dried, attach B-2 in the same way, and then apply a thick layer of pink ink over the first layer.

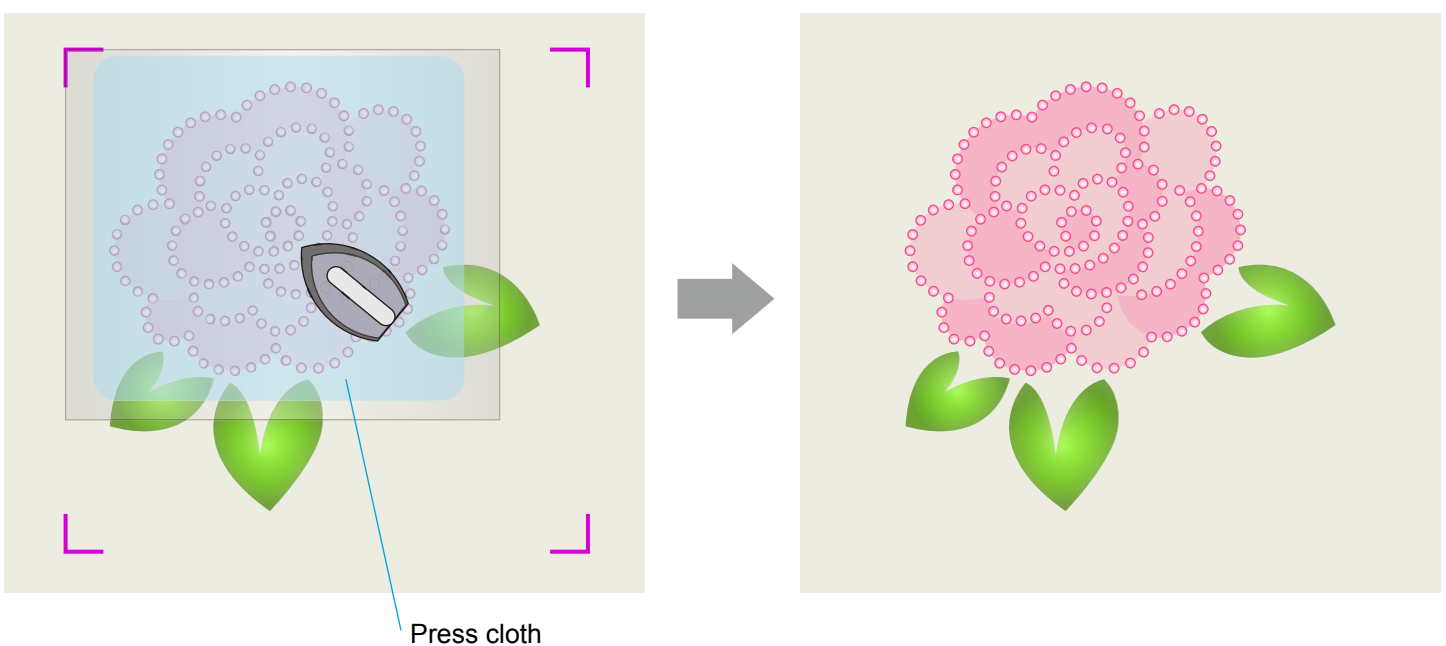

(6) Attach C in the same way, and then apply yellowish green ink to the inside of the leaf stencil, as shown below. Apply green ink to the edges of the leaf stencil to create a gradation. Allow time for the project to dry thoroughly.

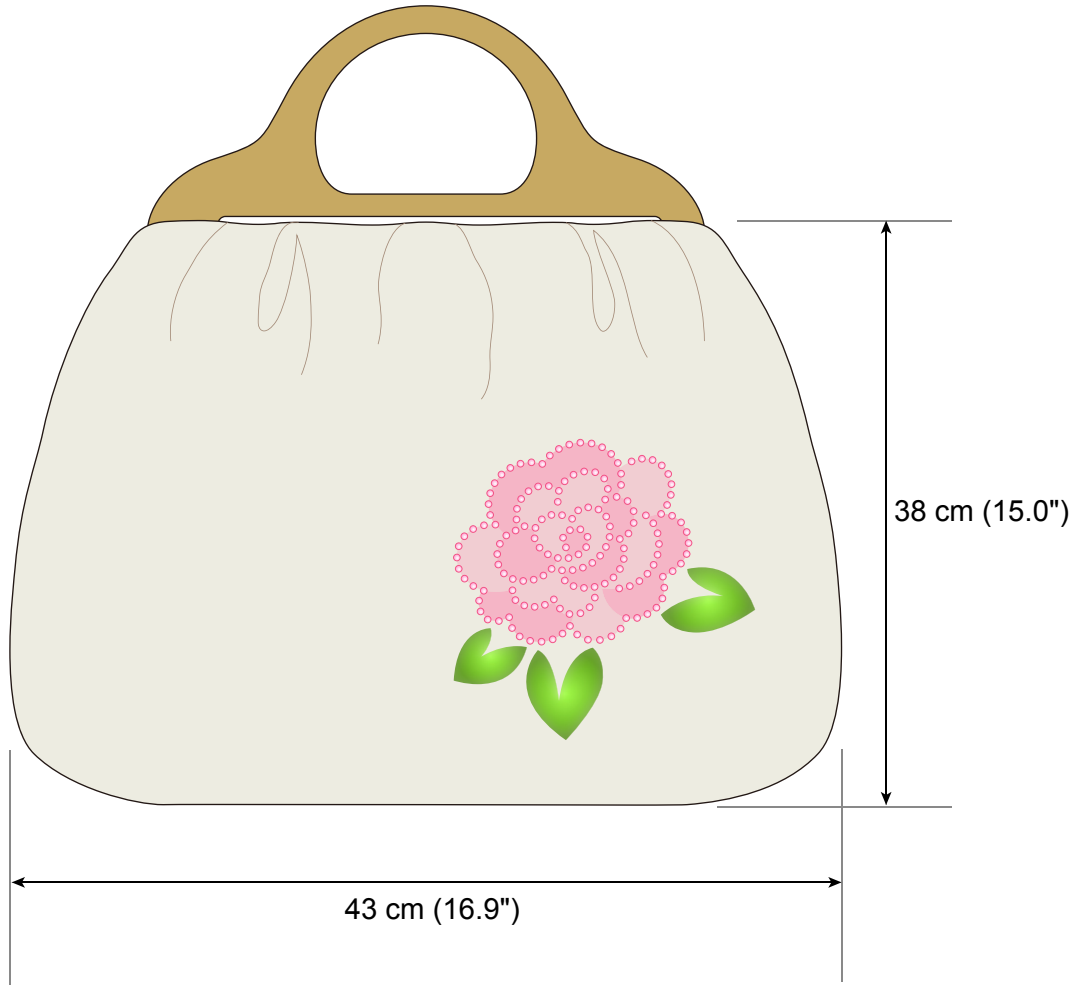

(7) Attach the template sheet prepared in step (3) to the backing board included with the rhinestone starter kit. Arrange rhinestones in the holes, and then transfer the rhinestones to the transfer sheet. (Refer to the instructions included with the kit.)

(8) Place the piece assembled in step (7) on top of the stenciled design, place the press cloth on top, and then iron on the rhinestones.

[Note] Size of bag (fabric part only) used in this project = 38 cm/15.0" (H) × 43 cm/16.9" (W)

[Actual-size layout diagram] Print out this page at its original size, and then cut along the outer frame with scissors or a craft knife. Since a copy of this page will be used to position the pattern, print it out at its original size, without enlarging or reducing it.
